

09:30 - Velkommen ved Stephen Sayfritz (**Agder Batteri/Eyde-klyngen**) og Gøril Hannås (**UiA**)

09:35 - Electric region Agder - Trond Kristiansen (**Agder FK**)

09:45 - Batteriverdikjede og Elkems prosjekter - Gunstein Skomedal (**Elkem**)

10:05 - Morrow Batteries - Terje Andersen (**Morrow Batteries**)

10:20 - Pause

10:35 - Invest in Norway - Agder - Nora Rosenberg Grobæk (**Invest in Norway - Agder**)

10:45 - Batteriforskning hos UiA - Bernhard Fäßler (**UiA**)

10:55 - Batteriløsninger fra BTG - Trygve Raen (**BTG AS**)

11:05 - Lydløs - Ståle Almenning (**Innoventi**)

11:15 - LIBRES gjenvinningsprosjektet - Martin Choux (**UiA**)

11:25 - Oppsummering - Stephen Sayfritz (**Eyde-Klyngen**)

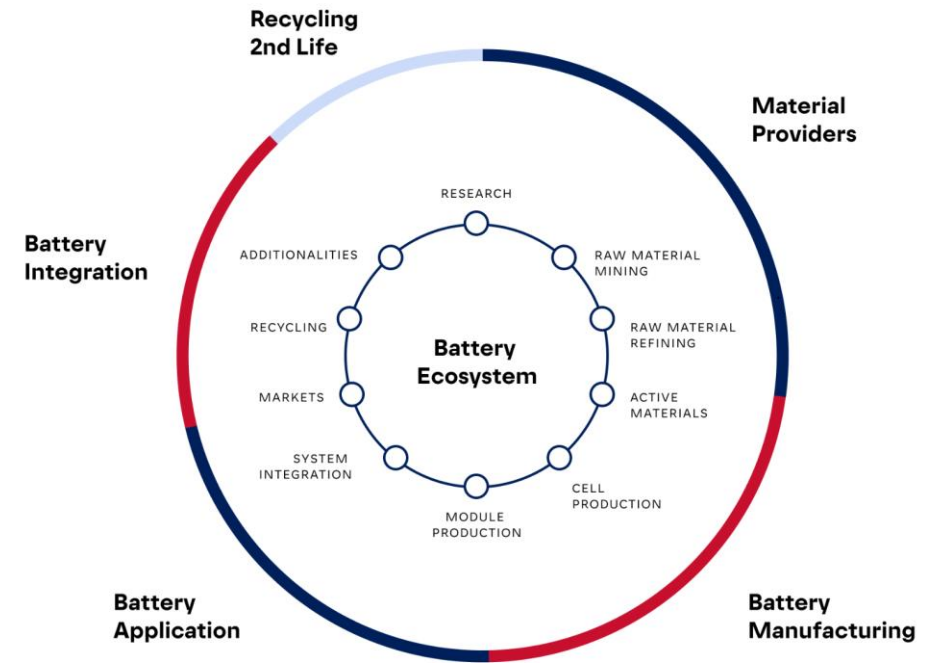

The background of the slide is a photograph of an offshore wind turbine. The turbine has three white blades and a yellow tower, standing in the middle of a dark, choppy sea. The sky is overcast and grey. The text is overlaid on the left side of the image.

Pioneering sustainability

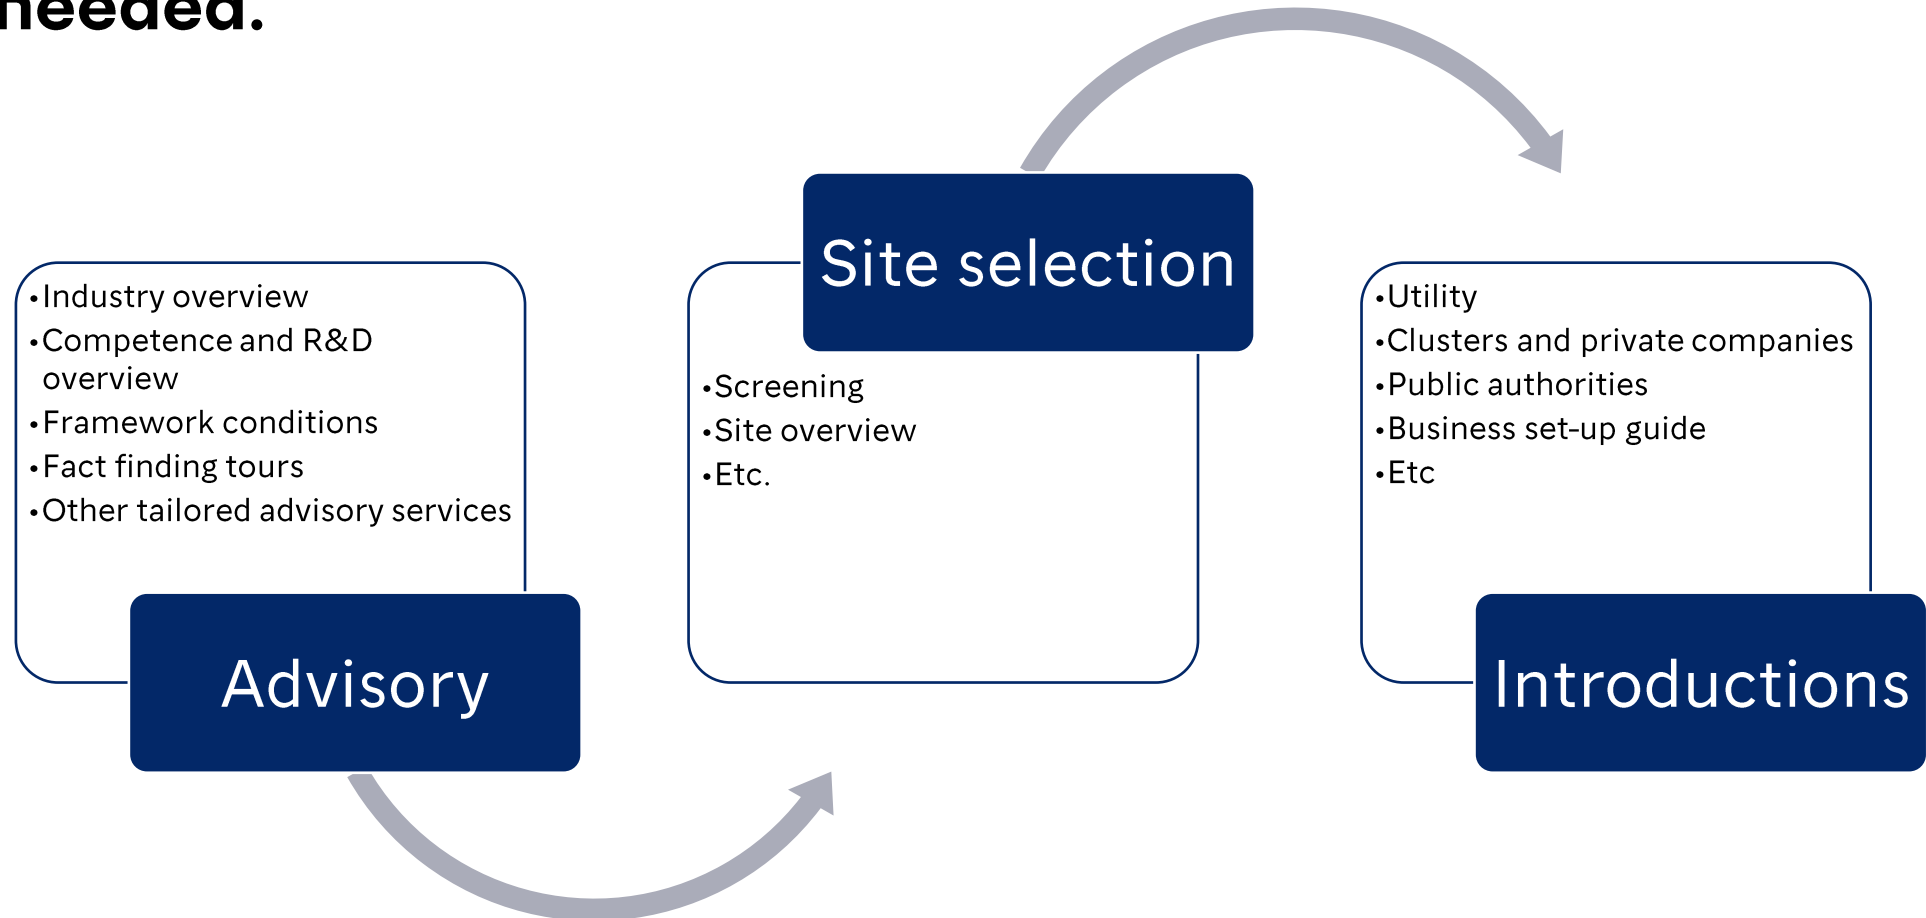

- Norway as a battery nation

High Potential Opportunity
Presentation Agder Batteri
22/10/20

Batteriindustri på Agder – Mer enn en tomt. Og en nasjonal satsning

Invest in Norway facilitates foreign direct investments to Norway and can assist Client x on potential projects. We partner with Norwegian companies and industry for JVs and other strategic partnerships where needed.

Ambition

To position the Norwegian battery value chain internationally in order to attract more investments to the ecosystem (investments) and position Norway as a high-quality supplier in various steps in the value chain. (Export)

Suggested quantifiable goals

- 1 Billion Euro to be expected invested in this sector in 2020 alone
- 10.000 new jobs in Norway when including the whole ecosystem
- 1 JV announced spring 2020 (Hydro Volt)
- 3 cell projects ongoing
- Competence in whole value chain
- X number of incoming investment leads
- Increased coordination Norway and the Nordics

Planned cell production facilities in Norway

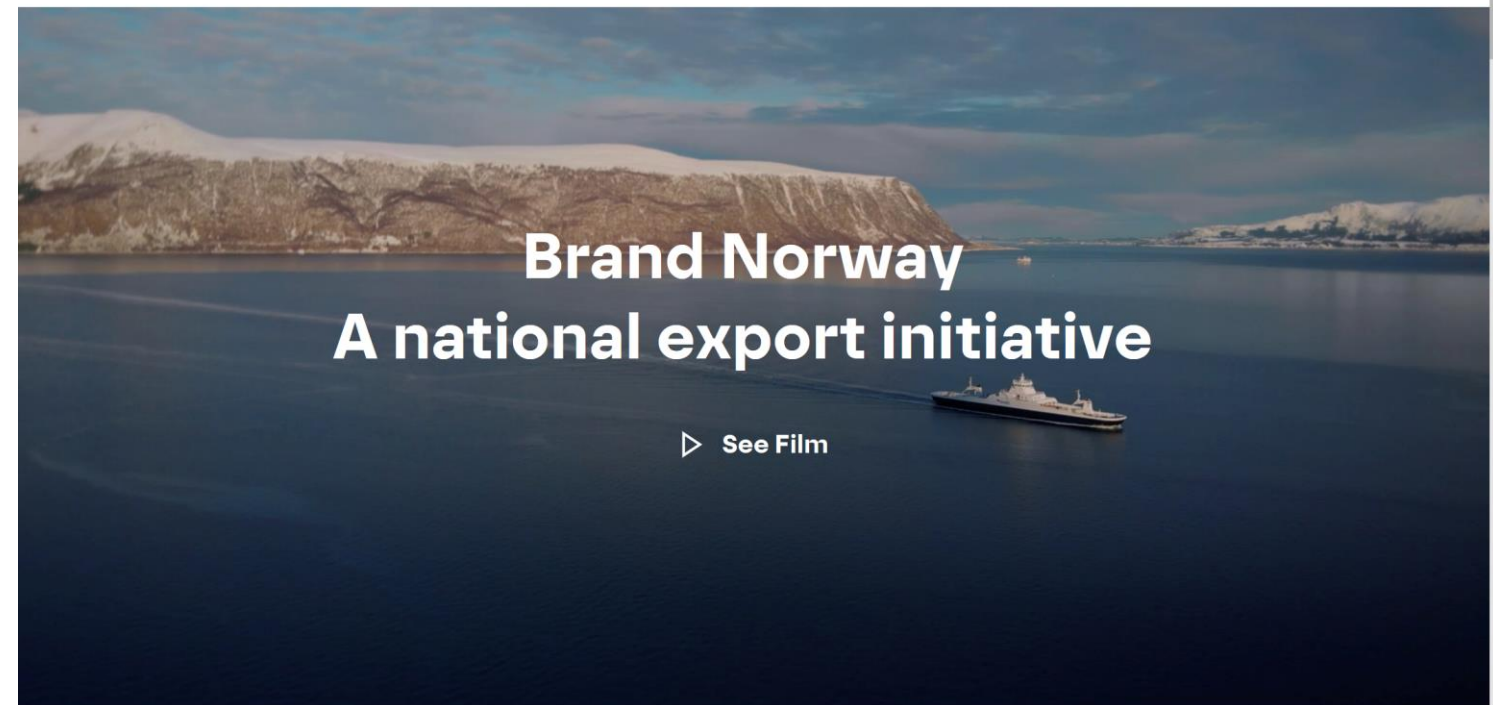

Production of maritime batteries in Norway

The Nordic Battery Scene

We need to be known – to be chosen.

A wide-angle photograph of a Norwegian fjord. In the background, steep, snow-covered mountains rise from the water's edge. The water is a deep blue, and a large white and blue ship is visible in the lower right, moving towards the left. The sky is a mix of blue and white clouds. The overall scene is serene and majestic.

Verdikjeden for batterier

- Verdikjeden for batterier inkluderer prosessering av råvarer, komponentproduksjon, celleproduksjon, sammenstilling, integrasjon og resirkulering.
- Attraktive forretningsområder:
 - Prosessering av råmaterialer, f.eks.: grafitt, kobolt og nikkel
 - Sammenstilling og integrasjon (ekskludert automotive)
 - Resirkulering
 - Celleproduksjon (som styrker hele verdikjeden)

virksomhetens virkninger på andre deler av verdikjeden (komponentproduksjon, resirkulering og akkumulatorproduksjon)
